

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT

Board Meeting: September 18, 2012

IT IS RECOMMENDED THAT THE BOARD OF TRUSTEES WILL HAVE AN OPPORTUNITY TO DISCUSS THE DATES AND CONTENT FOR THIS YEAR'S COMMUNITY MEETINGS.

**BACKGROUND:** Community meetings have been held in previous years to foster understanding of the economic challenges for Scotts Valley Unified School District, to report our students' progress in academic achievement and the programs that we implement in our schools with the support and generosity of our fundraising efforts and grant funding.

**DESCRIPTION  
DETAILS:** Our Strategic Plan Goal #5 (Public Relations) identifies action steps for communicating with the community and engaging the community as individuals and small groups for the purpose of providing information, nurturing partnerships and relationships between staff, families and community members. Board Members are asked to discuss these action steps and to determine the role that the Board Members would like to have as we identify content, outcomes and possible scheduling of community meetings for the 2012-13 school year.
